Angers le 28 Avril 2009

Madam, Sir,
Dear members,

Our Association "Musique-Événements" is now existing for three years. Eight children are following music lessons given by a teacher in our school in Togo. February and last March, sixty children had a three weeks initiation of guitar playing, while ten more improved their skills on this instrument, thanks to a French guitar teacher. Other events are in preparation for this summer. The instruments came by boat. Some were repaired; others will be during a repair workshop in Lome this summer. Another convention of traditional music will be held this summer from Monday August 3, 2009 to Friday August 14, 2009, with the possibility of staying one more week to visit the country.

Our Website "Musique-Événements" is regularly updated. It contains a picture gallery and a forum, so do not hesitate to use it. We settled down clear goals to support the action of the teaching team in Lome without interfering with our European ways of acting :

- To collect instruments, forward them in Togo and supervise repairs.
- To support and train the teaching team according to their requests
- To develop the work of the teachers while allowing them to live with dignity of their art.
- To promote the Togolese traditional music.
- To allow people from Lomé to learn playing music instruments at a reasonable cost but not for free.
- To advise and counsel music teachers according to their needs of teaching equipment and support the financing.

The demand is high and if we wish to allow a maximum of children to learn music, therefore we need your support. Renewal of your adhesion is essential to continue our tasks ...

thank you for your support.
